

Jonathan Rushton is an agricultural economist who specialises in livestock economics and development. He works on livestock development, animal diseases and one health issues in Africa, Asia, Europe, and Latin America. This work has been in association with a range of regional and international agencies and national governments.

His key interests are the role of livestock in the livelihoods of poor people worldwide, impact of livestock diseases, the use of participatory methodologies in veterinary epidemiology and the marketing of agricultural products. He sits on the management committee of the Leverhulme Centre for Integrative Research on Agriculture and Health, is a non-executive director of the Animal Health and Welfare Board for England and has played a role in the debates on One Health through his continuing associations with the World Bank, FAO and CDC.

He is currently working at the Royal Veterinary College as a senior lecturer in animal health economics
