

Dr. Craig Stephen is the founder of the Centre for Coastal Health in Canada. The Centre is a non-profit organization that, for the past 17 years, has worked on frontline problems at the interface of people, animals and our shared environment. He holds academic appointments at the University of Calgary as a Professor in Ecosystem and Public Health and at the University of British Columbia as a Clinical Professor in the School of Population and Public Health.

Professor Stephen is a veterinarian and epidemiologist who has worked in fields of emerging infectious diseases, environmental risk surveillance and health promotion through collaboration between human, animal and environment health sectors.
