

Ann Marie Kimball joined the Foundation in October 2011 and focuses on Epidemiology and surveillance of Infectious Disease across the current work of the Foundation. Dr. Kimball served as Professor of Epidemiology and Health Services, Adjunct in Medicine (Infectious Diseases and Informatics) at the University of Washington and Attending Physician STD Clinic, Harborview Medical Center prior to joining the Foundation. She is emerita at this time.

During her tenure at UW Dr. Kimball founded and Directed the APEC Emerging Infections Network, and led research and training programs in Surveillance and Informatics in Peru and Thailand. Her research focus on global trade and emerging infections earned her a Fulbright New Century Scholars award and a Guggenheim Scholars award. She is the author of *Risky Trade: Infectious Diseases in an Era of Global Trade* (Ashgate 2006) which was highly reviewed by NEJM, Emerging Infections and Lancet. She has authored numerous scientific publications, and served on numerous Institute of Medicine panels. Most recently she lead the Rockefeller Foundation evaluation of their global Disease Surveillance Network portfolio. She is a fellow in the American College of Preventive Medicine and member of the National Biosurveillance Advisory group (NBAS) fr the Centers for Disease Control.

A former EIS Officer for the Centers for Disease Control in Atlanta, prior to joining UW she worked and lived in the Yemen Arab Republic, Ivory Coast, and Senegal. She served as Director of National Program Support for PAHO, directing the elaboration and implementation of medium term AIDS plans in member countries throughout Latin America and the Carribbean. She has served as Director of HIV/AIDS for Washington State, and the founding Chair of the National Alliance of State and Territorial AIDS Directors (NASTAD) in the United States.
